

6-Month Execution Plan: MTG App Growth

Objective

Reach 50–200 real users actively using your MTG app weekly.

Operating Rules

- 1 Focus only on the MTG app (no certifications or consulting).
- 2 Ship something user-facing every week.
- 3 80% building, 20% architecture.
- 4 Share work publicly every week.

Phase Plan

Phase 1 (Weeks 1–4): Usability

- 1 Simple onboarding
- 2 Fast card search and add
- 3 Display total collection value
- 4 Post weekly in MTG communities for feedback

Phase 2 (Weeks 5–10): Retention

- 1 Price tracking
- 2 Inventory editing
- 3 Basic insights (top value cards)
- 4 Start SEO pages

Phase 3 (Weeks 11–18): Find a Niche

- 1 Identify core users (collectors, sellers, players)
- 2 Build 1 feature specifically for that group

Phase 4 (Weeks 19–24): Optimization

- 1 Refactor architecture
- 2 Improve ingestion pipeline
- 3 Enhance pricing model

Weekly System

- 1 Session 1: Build
- 2 Session 2: Finish and deploy
- 3 Session 3: Distribution (Reddit/SEO)
